INTRODUCTION

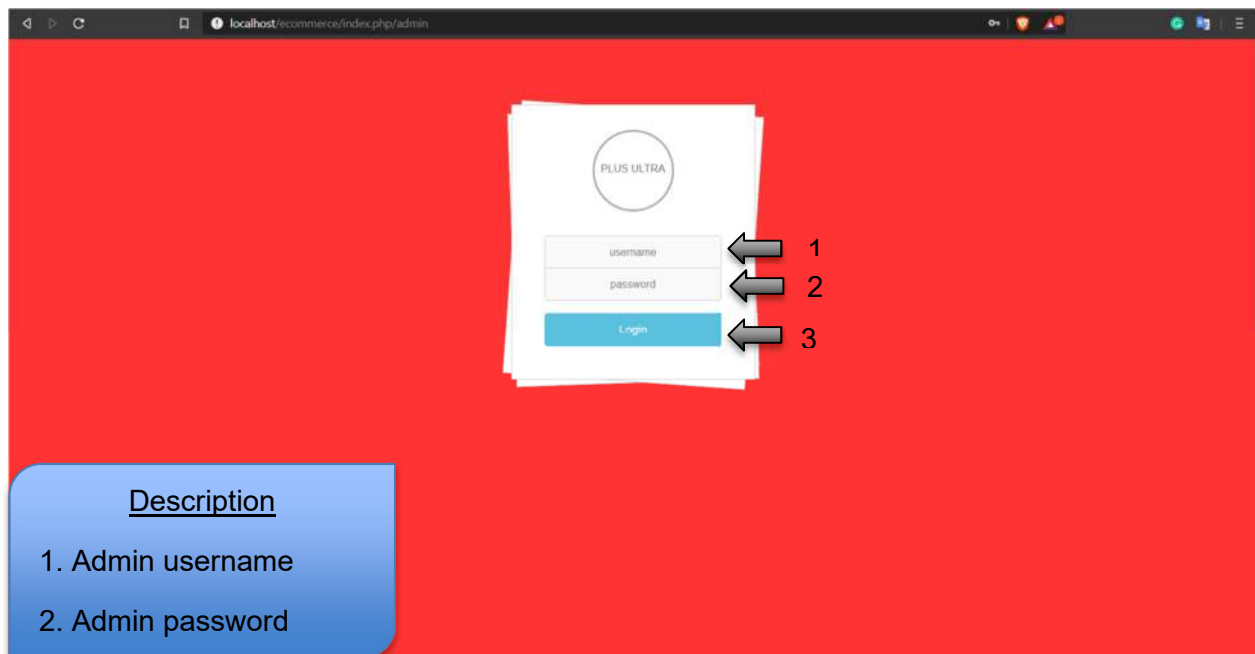

Commerce is fast gaining ground as an accepted and more business are implementing web sites providing functionality for performing commercial transactions over the web. It has revolutionized the concept of modern business and changed the idea of locating on a certain territory and focusing on a particular customer audience. It is reasonable to say that the process of shopping on the web is becoming commonplace.

The objective of this project is to develop an e-commerce store developed by Plus Ultra company where devices (such as smartphone, tablet, laptop, smartwatch and console) can be bought from the comfort of home through the Internet. There are a variety of brands and specifications of the product that are sales on the website. For example, Plus Ultra provide devices from Samsung, Apple, HP and etc. The selected items may be collected in a shopping cart. At checkout time, the items in the shopping cart will be presented as an order. At that time, more information will be needed to complete the transaction. Usually, the customer will be asked to fill address and other information to complete the purchases.

The user manual that are prepared intended to provide guidance for administrator and the other staff. The admin can register staff, manage the order, posting on blog, and change the setting of the website.

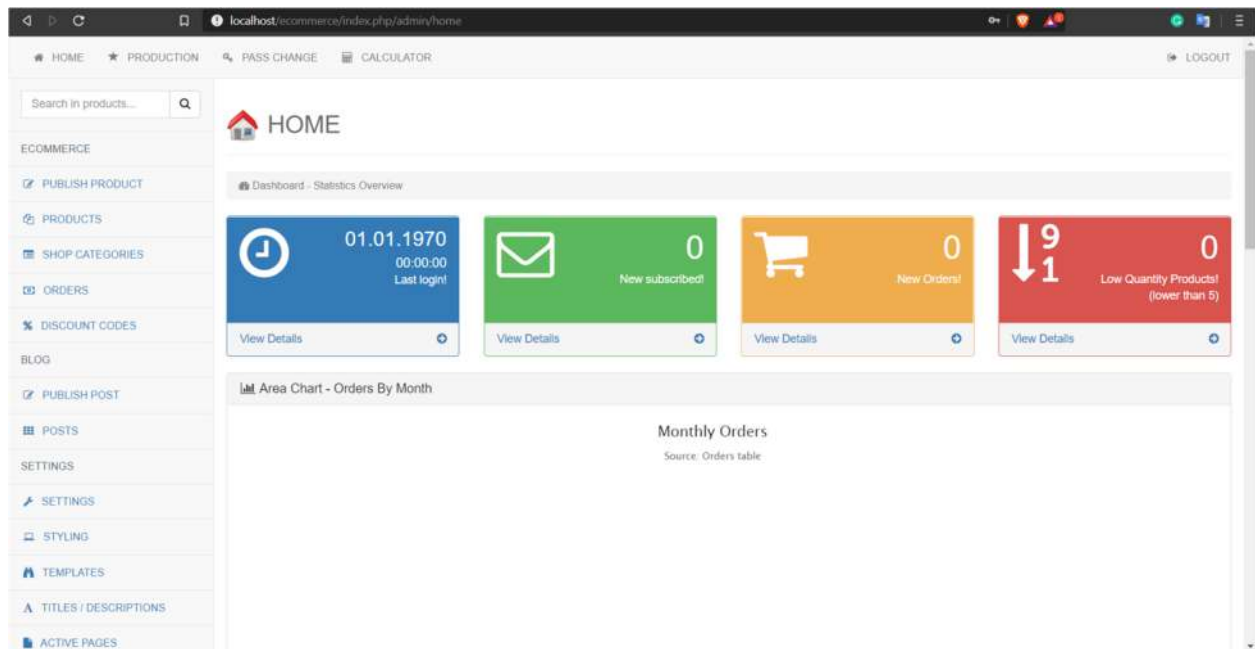

User Manual

1. Login to admin page

2. Home page

This is the home page of the Ecommerce system website. The page show the time of the user usage, email notification, new ordinal and the low product quantity. The home page also show the graphical chart for the order of the month. The top buttons are function of different things that gonna be explained later on.

ECOMMERCE

This is the part where admin can add new product to be published on the shop.

3. Publish Product

The screenshot shows the 'PUBLISH PRODUCT' page in an admin dashboard. The left sidebar contains a menu with items like 'PUBLISH PRODUCT', 'PRODUCTS', 'SHOP CATEGORIES', 'ORDERS', 'DISCOUNT CODES', 'BLOG', 'PUBLISH POST', 'POSTS', 'SETTINGS', 'STYLING', 'TEMPLATES', 'TITLES / DESCRIPTIONS', and 'ACTIVE PAGES'. The main content area is titled 'PUBLISH PRODUCT' and includes a 'Languages' dropdown set to 'EN'. Below this are fields for 'Title (english)' (annotated with 1), 'Show Slider Description' (annotated with 2), and a rich text editor for 'Description (english)'. At the bottom of the first section is a 'Price (english)' field. A blue callout box on the right, titled 'Description', lists '1. Title' and '2. Description of'. The second section of the form includes 'Price (english)' (annotated with 3), 'Old Price (english)' (annotated with 4), a 'Cover image' section with a 'Choose File' button, an 'Upload more images' button (annotated with 5), 'Shop Categories' (annotated with 6) with a dropdown showing 'Laptop', 'Quantity' (annotated with 7) with a 'number' input, 'In Slider' (annotated with 8) with a dropdown set to 'No', and a 'Position' field with a 'Position number' input. At the bottom is a 'Publish' button (annotated with 9). A second blue callout box on the right, also titled 'Description', lists '3. Price', '4. Old price', '5. Image', and '6. Categories'. The footer of the page says 'Powered by PLUS ULTRA'.

6. Orders

The customer's order can be manage here. Whenever there are new order arrived, there will be popup at the sidebar at the orders part. The order can be change whether to be processed, rejected or no processed at all.

The screenshot shows a web application interface for managing orders. The left sidebar contains navigation links: HOME, PRODUCTION, PASS CHANGE, CALCULATOR, and LOGOUT. Below these are sections for ECOMMERCE (PUBLISH PRODUCT), PRODUCTS, SHOP CATEGORIES, ORDERS (highlighted with a red exclamation mark), and DISCOUNT CODES. The main content area is titled 'ORDERS' and features a search bar, a dropdown menu set to 'Order by not processed' (annotated with a grey arrow and the number 5), and a table of orders. The table has columns for Order ID, Date, Name, Phone, Status, and Preview. A single order is listed with ID # 1234, date 03 Jul 2020 / 10:23:24, name ASLAM LAM, and phone 0123456789. The Status column for this order is highlighted in red and contains three buttons: 'Processed' (green), 'No processed' (red), and 'Rejected' (orange). Grey arrows point to these buttons with numbers 1, 2, and 3 respectively. A 'More Info' button with an information icon is in the Preview column, annotated with a grey arrow and the number 4. A blue callout box in the bottom left corner, titled 'Description', contains the following text:

Description

- 1. Processed button
- 2. No processed button

The footer of the page reads 'Powered by PLUS ULTRA'.

7. Discount Codes

The discount codes for the products can be manage here where they can be added or edit. The image below show how user can add discount with own code or generated randomly.

The image displays two screenshots of a web application's 'Discount Codes' management interface. The top screenshot shows the main dashboard with a table of existing discount codes. The bottom screenshot shows the 'Add discount code' modal form with numbered callouts for its fields.

20. Production

The production button at the top right corner bring user to the shop homepage.

The image displays two screenshots of an e-commerce system. The top screenshot shows the admin panel at `localhost/e-commerce/index.php/admin/home`. It features a sidebar with navigation links: HOME, PRODUCTION, PASS CHANGE, and CALCULATOR. A search bar is labeled 'Search in products...'. The main dashboard includes a 'Dashboard - Statistics Overview' section with four widgets: a clock showing '01.01.1970 00:00:00 Last login!', 'New subscribed!' (0), 'New Orders!' (0), and 'Low Quantity Products! (lower than 5)' (0). Below these is an 'Area Chart - Orders By Month' and a 'Monthly Orders' section. A blue callout box on the right says 'Description 1. Production button'. The bottom screenshot shows the shop homepage at `localhost/e-commerce/`. It has a header with 'Register', 'Email', 'Password', 'Remember me', and 'Login' buttons. A search bar is labeled 'Search for word in the title'. The main content area is divided into 'Categories' (Laptop, Smartphone, Smartwatch, Console, Tablet) and 'Products'. The 'Products' section shows four laptops with their prices: Swift 7 - SF714-51T-M4PV (Price: 1.699.99€), Swift 7 - SF714-52T-70CE (Price: 1.899.99€), Swift 5 - SF514-54T-5428 (Price: 999.99€), and Swift 3 - SF314-54-54VT (Price: 649.99€). Each product has a 'Product information' button.

21. Password Change

The password change button at the top right corner can change the password of the admin user.

The first screenshot shows the admin dashboard with the 'PASS CHANGE' button highlighted in the top navigation bar. A blue callout box on the right contains the text: **Description**
1. Password change button

The second screenshot shows the 'SECURITY' section with the 'CHANGE MY PASSWORD' form. The 'UPDATE' button is highlighted with a blue callout box (1) and the 'Generate Password' button is highlighted with a blue callout box (2). A blue callout box on the right contains the text: **Description**
1. Update password button

Dashboard Statistics Overview:

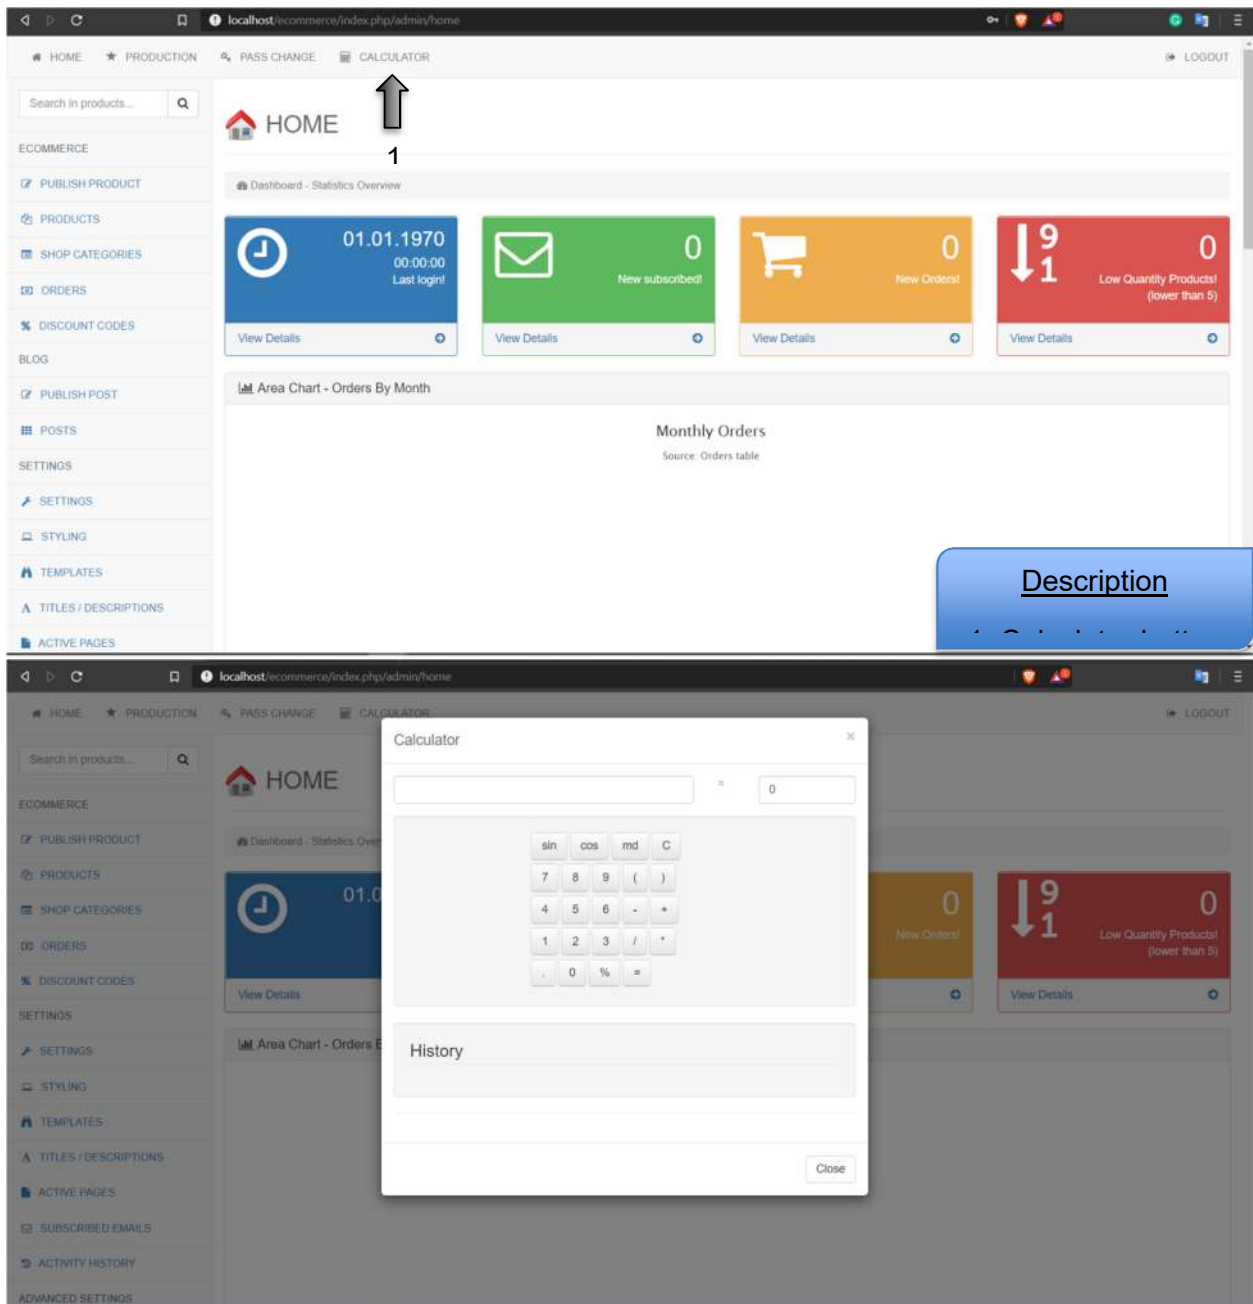

Category	Value	Label
Time	01.01.1970 00:00:00	Last login!

13. Vendor password recovery

A screenshot of a web browser window showing the 'Password Recovery' page. The browser's address bar displays 'localhost/ecommerce/vendor/forgotten-password'. The page features a light blue background with a central white password recovery form. The form is titled 'Password Recovery' and contains a single input field labeled 'Email'. Below the input field is a blue button labeled 'Send me new password'.
